

# 1971-73 Headliners, Sunvisors

## Why TMI Headliners?

It's the stitching that's the key. When it rots and stretches, down comes the headliner. TMI uses anti-microbial treated thread which resists mildew and rot, but more importantly... our Headliners remain tight and stay up. Made from the correct tier grain vinyl.

## Why TMI Sunvisors?

TMI is the only manufacturer to use the J.S.C. mechanism, which allows exact positioning of the Sunvisor. It won't drop and remains tight... you can feel the quality as you rotate it into the place.

### Convertible Top

PART #	DESCRIPTION
22-7111	'71-'73 Mustang Convertible Top, 36 oz pinpoint vinyl

### Convertible Top Boot

PART #	DESCRIPTION
22-7101	'71-'73 Padded Convertible Top Boot with slip tab design

Padded convertible top boot covers the entire top assembly when folded down. They're constructed with top quality heavy weight vinyl and have the corner padding sewn into the boot. Comes complete.

### Consoles

#### Coupe, Convertible, 2+2 Fastback

PART #	DESCRIPTION
25-7003	Tunnel Tote, Coupe/Fastback - for cars w/o original console
25-7105	Tunnel Tote, Convertible - for cars w/o original console

Add valuable storage space to your Mustang. Attaches with velcro and is easily removed to retain original appearance.

### Why TMI Convertible Tops?

Superior stain and fade resistance. Each top is precision cut to a 30 thousandths tolerance, cross-cut, and RF Heat Sealed to stop shrinking and provide a tight, all weather fit.

### Why TMI Convertible Boots?

The look is a perfect, smooth, tailored fit because: 1) Padding is sewn into the cover which keeps the mechanism from showing. 2) Our exclusive "multi-directional, cross-linked" backing vinyl allows precise fit (and easier stretching) to the vehicles snaps.

### Why TMI Consoles?

Precise fit, and perfect color match make these a quality addition to your Mustang.

1971-73

# 1971-73 Standard and Deluxe Upholstery

## Why TMI Upholstery?

All TMI products feature EXACT and AUTHENTIC colors, which makes matching OEM or TMI colors easy and accurate. Plus, future additions blend in perfectly. Some brands always seem to be a shade different, even when you think you're buying the right color. Mismatched colors look cheap and not very professional...why settle for "close" when you can have EXACT from TMI?

The "piping" (also known as Welt) on seats and door panels can be made two ways, Extruded or Wrapped. TMI's Extruded method produces piping made of solid color, that is 23 times thicker than a vinyl wrapped cord. No matter how much wear you give Extruded Piping, it never shows the cord or white string like wrapped cord will show.

## Standard Upholstery

### Coupe, Convertible and Sports Roof
